August 2016

Residents of 12th Avenue & Hillside Drive:

I hope this finds you well, as another school year is right around the corner. The purpose of this letter is to inform you of the varsity events that will be taking place on the turf field this fall. With this schedule, you will be able to see what sports are being played at what time, so that you are aware of all of the activity around campus. Most importantly, however, it is to give you prior notice of when there may be an increased number of cars parked on the streets, or when the lights for the field may be on (and if you hear a cannon, don't worry, it just means we scored another touchdown!). While the schedule is fairly locked in for the season, it is subject to change. For the most up to date information, please view our online activity schedule at www.colonialcouncil.org (then click on Watervliet).
